Parameter Setting and Reliability test of a Sensor System for Person Detection in a car wearing winter wear.

Course: Information Technology

Modules: Autonomous Intelligent Systems
and
Machine Learning

By Dr. Peter Nauth and Dr. Andreas Pech

Milestone-6,7

Shiva Kumar Biru   Faiz Mohammad Khan
Mat No: 1436929   Mat No: 1427310

As discussed, Milestone 6 was not done because there was no possibility of driving the Car.

Milestone 7 was combined in the final Project Report.
